

South Tech SkillsUSA

Welcome to South Tech,

SkillsUSA is a national career technical student organization open to all students enrolled in a career technical major. Boasting a membership of 320,000 students and professionals, **SkillsUSA** works to foster leadership, teamwork, citizenship, and character development in its members in order to assure a skilled and talented 21st century workforce.

Students who join **SkillsUSA** may participate in various activities meant to nurture the aims of the organization, such as leadership conferences, professional development opportunities, community service projects, and district, state, and national championship contests showcasing leadership as well as hands-on skills. Along with these opportunities comes the potential to earn scholarship dollars and/or industry-related equipment and tools. Rounding out this organization are social activities allowing members to meet other career technical students at South Tech.

Students' cost to join the South Tech chapter of **SkillsUSA** is **\$5.00**. South Tech believes in and supports **SkillsUSA** to the extent that the school pays \$8.00 of the \$13.00 membership fee. Students can join now by completing the membership application below and enclosing either a **\$5.00 check (payable to South Tech or Special School District) or \$5.00 cash.**

2017-18 Membership Application

The following student wishes to be enrolled as a member of SkillsUSA.
