The Special School District and South Technical High School assume no responsibility for damage or liability for personal vehicles driven or parked on school property. If you are the only student at your bus stop and register a vehicle, **your bus stop will be dropped.** Board Policy states that any student who registers a vehicle for parking relinquishes the right to bus transportation. Transportation eligibility can be reinstated in some cases. You must contact your school official in charge of transportation and use alternate means of getting to school until a permanent bus stop is assigned. You may use an existing bus stop, but you must notify the school transportation official in advance and present your student I.D. to board all South Tech buses. In most cases the student can resume at the closest existing stop, **we cannot guarantee the convenience of such a stop.**

The parking sticker must be placed on the upper front window on the driver's side. Students will park on the student parking lot. Vehicles parked in unauthorized campus locations, parked without a visible sticker, or other parking/driving violation will receive a vehicle violation citation. Vehicle violation fees are \$2 for first offense, \$3 for second offense, \$5 for third offense, and \$10 for each additional offense. All citation issues must be resolved before academic credits are released.

Students, who have excess tardies, leave unexcused during the school day, or demonstrate careless or reckless driving, may have their parking privileges suspended or revoked with no refund.

Reminder: You must update your vehicle registration if there are changes during the school year.
